# Task 1

1. Initial Analysis
    Accessed the challenge URL and inspected the page source.

2. Information Disclosure
    Found credentials as commented in the HTML source:
    Username: guest
    Password: guest

3. Session/URL Tampering
    Observed the URL included a query parameter: user=guest.

Hi, **guest**. Welcome to our site. Try not to peep your neighbor's profile.
